

FAMILY #12

(updated March 2018)

These are the descendants of Juan Cristobal Gurulé and Juana Apolonia Lucero. The couple's prenuptial investigation identifies him as the natural son of Elena Gurulé. In order to understand who this Elena might be, recommend you read the article (link below) by Patricia Sanchez Rau titled "A Further Study of Jose Duran y Chaves and His Two Wives With Some New Conclusions." Fascinating research by Patricia, and do we really know?
