

**FAMILY #14**  
(updated March 2018)

These are the descendants of Juan Nepomuceno Gurulé and Maria Gregorio Suazo. The 1860 census in Taos shows he was born in Bernalillo, and below are two possibilities that have been discussed over the years:

- Juan Nepomuceno Gurulé, son of Juan Domingo Gurulé and Juana Maria Chavez, and baptized 28 Mar 1808 at San Felipe Mission. This man married twice, first to Maria Leogarda Lucero and then Maria Antonia Baca. This family had many children, and they stayed in Bernalillo.
- Then there's Juan Nepomuceno Gonzales, son of Diego Gonzales and Maria de los Dolores Gurulé, baptized 16 Aug 1807 at San Felipe Mission → is this him, and he's using his mother's surname? Another clue is the baptism record for Jose Elfego Gurulé (baptized in 1870) which shows his father's surname is Gonzales.

The first man is not him, as he and Maria Antonia appear in the 1860 census at the same time as Juan and Gregoria and they're living in different parts of the state.

Note → each generation is indented...thus Juan Nepomuceno Gurulé and Maria Gregoria Suazo are parents of all children with #1 by their name. Then, for example, Jose Loreto Gurulé and Maria Victoria Suazo are parents of all children with #2 by their name, and so on....
